# The World Is Not Enough

Have you ever had one of those great mornings? You walk into school, ready to hit the books, and everyone is wearing a tie...but you. That sudden feeling of desperation can be dashed in the time it takes to go down to the office, find someone to let you into the "reserve tie closet," and sort through the array of random colors and patterns to find a tie which clashes the least with your shirt.

Nearly every guy at Marian can relate to this situation, but our Catholic Identity as Marian students is so much more than our Mass attire. We, as Marian students, strive to be so much more than an article of clothing. We strive to live in peace together everyday and to become the person God calls us to be. We are Marian, and We are the future.

# The Miser

## Marian Drama Production of 2006

Set in 17th century France, *The Miser*, by Moliere, is the first non-Shakespearean "classical" play ever produced at Marian. With lavish costumes and plenty of slap-stick comedy, this play challenged and pleased the audience. The tale of a miserly gentleman who seeks a bride for financial gain and finds himself in competition with his own son for a lady fair, *The Miser* gave the Marian thespians a great chance to let their talents shine.

# Footloose

April 26<sup>th</sup>, 27<sup>th</sup>, and 28<sup>th</sup>

When Ren (Ryan Chris) and his mother (Rachel Holland) move from Chicago to a small farming town, Ren is prepared for the inevitable adjustment period at his new high school. What he isn't prepared for are the rigorous local laws like the ban on dancing. The ban is the brainchild of a preacher, determined to exercise control over the youth of the town, due to a secret grief.

However, thank a higher power that no such ban exists in this area or at Marian; otherwise, the cast and crew of the 2007 Musical could not have pulled off an amazing and show stopping performance. *Footloose* boasted superb choreography, orchestration, and costumes. However, plot aside, *Footloose* celebrates the wisdom of listening to young people, as well as guiding them with a warm heart and an open mind: a good idea to recall on our own journey through life.

## Cast Coordination (Below)

The cast of *Footloose* brings down the house with their amazing moves.

# "Oh What a KNIGHT"

## ⊕ "Oh, What A Knight!"

2007 marked the first year in which Marian did not combine efforts with St. Joseph High School to present the auction.

The theme to mark this historic event was "Oh What A Knight." The gymnasium was once again transformed from a basketball court to a room of beauty and a display of Marian talent and spirit. The tables were adorned with

extravagant blue and silver table decorations. The menu consisted of a chicken vegetable medley.

The Marian student body pulled together to provide the backbone and life of the auction. We were the entertainers, kitchen help, servers, valet parkers, coach checkers, accountants and more. The auction was a great success.

# Your Psychological Profile

Use this quiz to test yourself on how observant you are, and how you rate on the "secret agent" scale:

## ARE YOU A RISK TAKER?

**Option 1:** All the time. Any chance I get to push the limits I take it! I like living on the edge; it makes life more exciting!

**Option 2:** Not so much. A little risk is fun now and again, but I know my limits and the consequences of my actions. I think before I act.

## HOW OUTGOING ARE YOU?

**Option 1:** I am the life of any party. When I walk in the room, it's all about me. I know all the best dances, and I can charm anyone to get the information I want.

**Option 2:** I'm more the wall flower. I stand back and get a good look at the situation before I make any moves. I'm not the best at fitting into the crowd.

## DID INDIANA OBSERVE DAYLIGHT SAVINGS TIME?

**Option 1:** Umm... no. Where have you been? Indiana hasn't paid any attention to DST in... well, ever since I can remember.

**Option 2:** Well, yeah. It's the biggest annoyance in the world when we switched to DST. Getting up an hour earlier... the nerve.

## HOW ACADEMIC ARE YOU?

**Option 1:** Academic? My quick wit and physical strength can get me out of any tough situation. I only learn the relevant information for what I have to do; otherwise, don't bore me with facts and numbers that don't matter to me and/or my mission.

**Option 2:** I am the epitome of intellectual prowess. Sometimes I get the most rewards from just learning and doing research. My knowledge gives me a huge advantage in the field. It allows me to make the best possible decisions and to talk my way out of any situation.

## DO YOU LIKE THE NEW ERSKINE PLAZA, OR THE MARTIN'S PLAZA?

**Option 1:** Southsider here! The new Erskine developments like Coldstone and Kohl's and the new shopping plaza are awesome. It's really revitalized the area, and given it a kind of face lift from that old Scottsdale Mall.

**Option 2:** I'm a northsider myself. That new Martin's is *massive*! Not to mention the whole plaza. It's a huge development for the north side, and I love it!

## WHO SHOULD HAVE WON THE 2007 SUPERBOWL?

**Option 1:** The Chicago Bears

**Option 2:** The Indianapolis Colts

## WHO SHOULD THE NEW ND FOOTBALL COACH BE FOR 2007?

**Option 1:** Let's keep what works and stick with Charlie Weiss.

**Option 2:** Let's get ourselves a super bowl winning coach, and pick up Tony Dungy (Colts Head Coach).

Friends Forever: (Below)

Chelsea Mitchell and Lisa Bonadies take the time to share a special moment with each other during Senior Bonding Day

### WHAT DID YOU THINK OF THE HIGHER GAS PRICES?

**Option 1:** \$2.40 a gallon? It was ridiculous. What are they going to do next? I hope it never gets any higher.

**Option 2:** Hmm, I don't really care. my parents pay for my gas so it's not bothering me or my shopping habits.

### DO YOU LIKE TO GO SHOPPING?

**Option 1:** Absolutely. I could drop \$100.00 in one store. I could go shopping every day and never get sick of it.

**Option 2:** No!... I hate it. I just leave it up to my mom to buy me things. She usually knows my tastes pretty well.

### ARE YOU UP TO DATE WITH ALL THE LATEST FASHIONS?

**Option 1:** Yes, I am constantly buying articles of clothing to stay current with the latest fashion trends.

**Option 2:** No, I have my own style that I stay with. I don't try to wear clothes I'm not comfortable in just to be a part of the "in" crowd.

Periwinkle Pretties:  
(Above)

Megan Archer and Jessica Perkins show off their beautiful periwinkle outfits, right before a school liturgy.

## YOU ARE AN "M"

Your primary mode of living is focused internally, where you take things in via your five senses in a literal, concrete fashion. Your secondary mode is external, where you deal with things rationally and logically. You are a quiet and reserved individual who is interested in security and peaceful living. You have a strongly-felt internal sense of duty which lends you a serious air and the motivation to follow through on tasks. Organized and methodical in your approach, you can generally succeed at any task which you undertake. You tend to believe that things should be done according to procedures and plans. You like to be accountable for your actions, and enjoy being in positions of authority.

## YOU ARE A "BOND"

You take things in primarily via intuition. Your secondary mode is external, where you deal with things according to how you feel about them, or how they fit with your personal value system. You live in a world of hidden meanings and possibilities. You put a lot of energy into identifying the best system for getting things done, and constantly define and re-define the priorities in your life. You are usually right, and you usually know it. You have uncanny insight into people and situations. You are a deep, complex individual who is quite private and typically difficult to understand. You hold back part of yourself, and can be secretive. You trust your own instincts above all else.

## YOU ARE A "Q"

You typically have strong powers of reasoning, although you're not interested in theories or concepts unless you can see a practical application. You thrive on action, and are usually fearless. You are fiercely independent, needing to have the space to make your own decisions about the next step. You do not believe in or follow rules and regulations, as this would prohibit your ability to "do your own thing." Your sense of adventure and desire for constant action make you prone to becoming bored rather quickly. You are loyal to your causes and beliefs. Although you do not respect the rules of the "System," you follow your own rules and guidelines for behavior faithfully.

Brian Wanbaugh,

"I say the right things but act the wrong way, I like it right here but i cannot stay. I watch the TV: forget what I'm told. Well, I am too young, they are too old. Oh, man can't you see I'm nervous, so please pretend to be nice, so I can be mean. I miss the last bus, we take the next train. I try but you see, it's hard to explain."

Our wish is dream big, stay healthy, live good. Rember life is a banquet.

Love, Papa, Mom, and Jill

Dear Marian Family:

I would like to start this letter as a thank you to everyone who jumped in front of the camera that was permanently attached to my hand this year, and made the memories we are sharing with you throughout this year book possible. I would like to thank Ms. Conn for her wonderfully energetic self who kept us motivated throughout the year. I would also like to thank co-editors Tina Rectenwal and Jamie Scott for their non-stop effort and dedication, and last to Ben Futa who has a wonderful eye for modern art, a very colorful vocabulary and awesome creativity. This year's Madrigal is for YOU class of '007. I hope that you are able to look back on this year book as the best yet and not only because your mug shot is in color, but because it is full of the memories we have made. I know looking at these pictures will bring back some of the greatest memories we shared, one in particular being the long hours spent working on homework and cramming for tests (ok I'm only kidding). But, we all have to admit time in the classroom was not always a headache. We had our fair share of favorite teachers, great days, for example, when we got back a test with a 100% on it. We crammed at study sessions (where we did not get much studying done) then went home and studied the entire night, the next morning, and at school until we took the test; then we crashed in the next class. Those are the memories we are going to cherish. I hope this book brings back for you memories of the many hours spent with the friends made in these halls, the hours spent in the gym/field whether practicing, playing or watching athletic events. The Class of 2007 is one of many achievements, way too many to list, yet looking through this book will never let you forget these achievements. This was our goal from day one, and we, the Madrigal staff, have achieved our goal and hope you enjoy the memories we have given you never to forget. Class of 2007, thank you, for the memories and for making my four years at Marian not only ordinary but extraordinary. Without you, we would not have a year book on which to look back. I will miss you all so dearly. Once again, thank you, and take care.

Until Next Time, ♥ Katie Mason, Editor-in-Chief

This year has been a blast, working on putting together memories for everyone to look back on in future years. I want to thank Ms. Conn for being such a supportive leader and help to this year's Year Book and the many more to come. I would also like to thank Ben Futa for his amazing talent and creativity he offered to this year book. I hope you all enjoy the James Bond magic and adventures, and always remember the class of 007!

—Tina Rectenwal
